What is the LEAP Meeting?

The oikos LEAP Meeting will be a gathering point for over 60 millennials from around the world. The Meeting will bring together representatives of the oikos LEAP Presidents and Advanced Tracks. We will also welcome participants from our partner organizations: rootAbility, National Union of Students UK, REFEDD and Euforia.

What is the LEAP Presidents Track?

The LEAP Presidents Track, as the name suggests, is designed for oikos chapter presidents and the international Executive Board (NB: a designated representative, can replace a president if he/she cannot participate). It includes 2 on-site meetings and 3 webinars. We highly encourage and recommend every participant to implement lessons learned in LEAP in their chapters and disseminate knowledge among the chapter members.

What is the LEAP Advanced Track?

The LEAP Advanced is the most intensive LEAP track. This 9-month long development program places its attention on participant's individual journey, and challenges and encourages them to reflect on their values. The Track includes 2 on-site meetings, a number of peer-to-peer calls, one-to-one coaching sessions and webinars with world-renowned leadership experts. The LEAP Meeting in Leysin will kick off the Advanced Track for the new 2018/2019 class.

These Tracks merge during the LEAP Meeting 2018

Almost all LEAP Meeting sessions will be a joint venture where the LEAP Presidents and Advanced Track participants will take part together. However, the program includes a few sessions that will target participants from a specific LEAP Track.

How to apply for the LEAP Meeting 2018?

Presidents Track: ONLY ONE CHAPTER MEMBER can register for the LEAP Meeting as a Presidents Track participant. Usually, this member is a chapter president, however if she/he cannot attend the meeting a designated representative is welcome to register. Chapters will decide who this person should be.
