

# sustainable finance career map

develop and co-create with **oikos**

Join our Sustainable Finance Squad and help us to build a toolkit for resources, interviews, trainings and more. You will get to create a platform for students and researchers around the world to explore the growing fields of Sustainable Finance, ESG (Environmental, Social, and Governance), and Impact Investing.

Want to help or share resources?

**Here are questions we hope to answer with the Career Map:**

- 1. What's the language of sustainable finance?**
- 2. What skills do I need to learn to succeed?**
- 3. How can I network and prepare myself as a professional?**

## The Career Map is an opportunity for you to:

- ◆ Map your career options across the many growing fields of green finance
- ◆ Access powerful knowledge and skills to become a future leader
- ◆ Have an impact and shape your education and career path
- ◆ Share with others your work, research, and areas of interest
- ◆ Network with thought leaders and peers from around the globe

**We want you to bring your ideas and creativity to revolutionize the financial industry. Join us to help create these and much, much more!**

**how to find job  
opportunities**

**workshops &  
trainings**

**professional  
development plan**

**interview  
stakeholders**

**write on finance  
'hot topics'**

**organize  
events**
